ABOUT US

The Global Alliance for a Healthy Society (GAHSO) is a youth-led organization founded in 2016 to facilitate all-round empowerment of vulnerable and marginalized communities in Kenya.

GAHSO is also committed to promoting and advocating for social, legal, cultural, and economic inclusivity particularly for the marginalized population in the society.

GAHSO is based in West Kenya, with project locations in Siaya and Homabay Counties.
VISION
GAHSO envisions an equitable society where marginalized vulnerable individuals realize their human rights.

MISSION
To promote equity by socially empowering the society through evidence-based programs and initiatives that foster learning, access to better health care and sustainable environments.
Each year comes with its different dynamics and challenges and 2022 has been a year like no other, with blessings to count and many lessons to learn. We are deeply grateful to the entire team here at GAHSO for their resilience and efforts in the year.

As GAHSO looks to adapt and respond to the changing needs of our communities, I hope we can count on you to join us as thought partners and co-creators of game-changing strategies that drive innovation, strengthen our nonprofit partners, and disrupt the cycle of poverty so that all youth can thrive.

A special thank you for all our partners that have ensured the sustainability of the work we do.

Thank you, Community Health Impact Coalition, thank you GBV Prevention Network, Thank you Dudi Development Program! Thank you, Global Health Promise (GHP)! Thank you, Light Up Impact!

We pledge to continue serving the girls and women in our communities in 2023 and beyond.
FROM THE BOARD DESK

GAHSO over the years has endeavored to improve the livelihoods and welfare of the disadvantaged communities in Kenya.

This has been done through community participatory approach to issues involving Health, Child Survival, Water and Sanitation for Health, Social Development and Advocacy towards beneficial Policy and Social Changes to the people of West Kenya.

Dr. Makena Mbungu,
Board Chairlady

GAHSO looks forward to building partnerships and networks in 2023.

I want to take this opportunity to appreciate my fellow board members for their tireless dedication, their time and energies to steer the cause of GAHSO.

Thank you to the Secretariat and stakeholders who have given us the momentum to continue serving the community.
